STANLEY® FATMAX™ tungsten carbide blade

Pack of 5 blades

Pack of 10 blades

You must be 18 years old or over to buy these blades

- > Stanley® Fatmax® Carbide™ blades provide the durability needed to keep cutting through a variety of applications, including roofing, drywall, ceiling tile installation, and other construction materials that prove challenging for conventional blades
- > Designed to deliver increased blade life, maintain first-cut sharpness and safeguard against snaps - three key factors that today's professionals demand
- > Uniquely manufactured by way of a patent-pending process that uses high-powered laser technology to deposit tungsten carbide powder onto the blade edge - creating a blade that lasts 10 times longer than a conventional blade
- > Precision ground by diamond wheels to produce a sharp cutting edge
- > Durable and long-lasting blade edge while maintaining a flexible steel blade body
- > Save time and money with fewer blade changes
- > Order qty: 1 pc
