

Solid Surface Shine

Key Features:

Unika Solid Surface Shine is specially formulated for use with Solid Surface and Composite worktops.

It is a protective cleaner and polish and should be applied weekly to condition your worktop and leave a streak free long lasting shine.

Solid Surface Shine leaves a protective barrier against further marks and is a safe non scratch solution.

Directions:

- First wipe off any dried on food and dirt with Unika Daily Solid Surface Cleaner.
- Spray lightly over the surface to be cleaned.
- Use a clean dry soft cloth to clean the surface and buff to a finish.

Consumer Benefits:

Ready to use spray cleaner designed to give the best streak free polish to Solid Surface and Composite worktops.

Non abrasive so there will be no damage to surfaces.

Retailer Opportunity:

Sell alongside every composite worktop sale.

Used in conjunction with Unika Daily Solid Surface Cleaner, it will guarantee no complaints of worktops turning patchy and bring out the natural colour of the worktop.
